One Day, Hands On Ultrasound Training for Physicians, Residents, NPs & PA's

See More. Diagnose Faster.
Treat Smarter.

Join us for an intensive, skills-focused Point of Care Ultrasound (POCUS) course taught by **board-certified critical care physicians**. Build confidence in real-time image acquisition, interpretation, and clinical integration across emergency, inpatient, and outpatient settings.

Why Attend

- Hands on scanning with live models
- **3:1 participant to faculty** ratio for individualized instruction
- Full access to **pre- and post-course** review of basic and advanced POCUS principles
- Opportunity for **post-course simulation practice** (Non-CME; please reach out to: coardj@nychhc.org for more information)

Curriculum Overview

- Ultrasound Image Interpretation
- Thoracic, Cardiac, Abdominal & Vascular Image Acquisition
- Ultrasound-Guided IV Vascular Access
- MSK Joint Anatomy & Ultrasound Guided Joint Injection

Master the Ultrasound Skills Every Clinician Needs

Fundamentals of Point of Care Ultrasound

Saturday, June 6, 2026

NYC Health + Hospitals | Queens
