Leading the Way in Radiography
and Radiation Therapy Advanced Practice

What is LTWRAP?

LTWRAP is the premier international conference dedicated to advancing and transforming professional practice across the medical radiation sciences. Bringing together radiation therapists, radiographers, radiologist assistants, advanced practice professionals, educators, researchers, clinical leaders, and decision-makers from around the world, LTWRAP provides a unique forum for sharing innovative ideas, challenging traditional approaches, and shaping the future of patient care. As the first LTWRAP conference hosted in the United States, this event will offer unparalleled opportunities for learning, collaboration, networking, and professional growth.
