Sponsored by
Department of Pediatrics

December 5, 2020
PROGRAM DESCRIPTION

Course Description
This is a half-day virtual course that will provide allergists, generalists, and allied health, with a comprehensive program on everything related to food allergies, from food allergy prevention, emerging diagnostic tools, new treatment options, to advice on counseling patients and their families on managing allergies outside of their home. Material presented will be based on scientific advances from the last year that support current clinical practice guidelines for food allergy.

Who Should Attend
Pediatricians, family practice physicians, internal medicine physicians, and allergy & immunology specialists. Other health professionals include NPs, PAs, RNs, fellows, residents, and medical students.

Learning Objectives
Upon completion of this activity, the participant will be able to:
- Discuss how to accurately diagnose food allergy to reduce unnecessary dietary avoidances.
- Recognize symptoms of anaphylaxis so that treatment can be administered promptly to improve patient outcomes.
- Describe the first FDA-approved peanut allergy treatment and other emerging treatments for food allergy.
- Identify nutritional issues that may result in food allergic individuals to ensure optimal growth and development.
- Explain how to manage food allergy in restaurants and school to help decrease allergic reactions outside of the home.
- Describe current approaches to preventing food allergies based on recently published data.

Accreditation
The Icahn School of Medicine Mount Sinai is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation
The Icahn School of Medicine at Mount Sinai designates this live activity for a maximum of 4.5 AMA PRA Category 1 Credit(s)™.

Verifcation of Attendance
Verification of attendance will be provided to all professionals.

An Administrative fee of $50 will be deducted from your refund. No refunds will be issued for registration fees that are equal or less than $50.
COURSE AGENDA

10:00-10:05 Opening remarks and introduction

10:05-10:25 Food Allergy Diagnosis
Scott Sicherer, MD
Professor of Pediatrics, Icahn School of Medicine at Mount Sinai

10:25-10:40 Questions and Answers

10:40-11:00 Anaphylaxis
Julie Wang, MD
Professor of Pediatrics, Icahn School of Medicine at Mount Sinai

11:00-11:15 Questions and Answers

11:15-11:35 Food Allergy Treatment
Amanda Cox, MD
Assistant Professor of Pediatrics, Icahn School of Medicine at Mount Sinai

11:35-11:50 Questions and Answers

11:50-12:10 Dietary Considerations for Food Allergic Individual
Marion Groetch, MS, RD
Assistant Professor of Pediatrics, Icahn School of Medicine at Mount Sinai

12:10-1:00 Questions and Answers

1:00-1:30 PM Lunch / Ask Me Anything with Julie Wang, MD & Scott Sicherer, MD

1:30-1:50 Managing Food Allergies Outside of the Home
Roxanne C. Oriel, MD
Assistant Professor, Icahn School of Medicine at Mount Sinai

1:50-2:05 Questions and Answers

2:05-2:25 Food Allergy Prevention
Angela Tsuang, MD
Assistant Professor, Icahn School of Medicine at Mount Sinai

2:25-3:00 Questions & Answers

3:00 PM ADJOURN
Faculty Disclosure

It is the policy of Icahn School of Medicine at Mount Sinai to ensure objectivity, balance, independence, transparency, and scientific rigor in all CME-sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are expected to disclose to the audience any relevant financial relationships and to assist in resolving any conflict of interest that may arise from the relationship. Presenters must also make a meaningful disclosure to the audience of their discussions of unlabeled or unapproved drugs or devices. This information will be available as part of the course material.
