VIRTUAL 16th Annual Mid-Atlantic Hospital Medicine Symposium: MASTERING THE CARE OF THE HOSPITALIZED PATIENT

Friday
October 15, 2021
12:00pm - 5:00pm EST

An SHM-affiliated Meeting

shm
Society of Hospital Medicine

In collaboration with

ACP New York
American College of Physicians Chapter
Leading Internal Medicine, Improving Lives

Provided by Department of Medicine, Icahn School of Medicine at Mount Sinai

A global pandemic did not stop the journey to become a *Master Clinician*! Hospitalists and other clinicians stepped up clinically during the most challenging time imaginable and stayed updated on ever-changing treatment recommendations. The passion and energy can again be focused on the key advances made in the diseases and conditions we see daily in our hospitals. Our symposium's exciting topics, expert faculty, and flexible format ensure a highly valuable experience that will move you forward towards your goal of becoming a *Master Clinician*.

Our faculty consists of national and international leaders in their fields and our sessions have been designed to provide highly relevant material in a concise and stimulating format.

Come to expand your knowledge of core topics, learn more of subspecialty conditions, and increase your value to your hospital. Come to continue your quest to become a *Master Clinician*!

HIGHLIGHTS INCLUDE:

- **KEYNOTE** speaker, George M. Abraham, MD, President, American College of Physicians (ACP).
- When to use an ARNI or SGLT1 agent for CHF: Master the Medications!
- **DEBATE!** Best Testing Strategy for Patients Admitted with Acute Chest Pain.
- See and learn of the Newest Advances in Interventional Endoscopy and Bronchoscopy.
- Master the Indications for Endarterectomy and other Advanced Therapy for Acute Stroke.
- **BREAKOUT SESSIONS** on Ventilator Management, Interpreting POCUS Images, Advances in Alcohol and Opioid Use Disorders, and Enhancing Your Wellness!

Register: <https://mssm.cloud-cme.com>

PROGRAM OBJECTIVES

At the conclusion of this CME activity, the participant should be able to:

- Select the best functional or anatomic test for patients admitted with Acute Chest Pain
- Identify patients who will benefit from buprenorphine or other treatment for Opioid Use Disorder
- Prescribe a combination of medications for CHF that have been proven to increase survival
- Interpret POCUS images for patients with acute SOB and other conditions
- Recognize patients who would benefit from the newest advances in Interventional Bronchoscopy and Interventional Endoscopy .

WHO SHOULD ATTEND?

Hospitalists, General Internists, Nurse Practitioners, Physician Assistants, House Staff, Medical Students.

ACCREDITATION

The Icahn School of Medicine at Mount Sinai is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
