Course Description

Join us for a one-day hybrid symposium designed to provide information and tools on perinatal loss, proudly sponsored by the Icahn School of Medicine at Mount Sinai. The symposium brings together renowned experts in the field of perinatal loss, including dedicated practitioners, diligent researchers, compassionate social workers, and resilient patients. Together, we will engage in meaningful discussions on the latest advances, prospective areas of research, and exemplary practices in providing care and support to people who have endured perinatal loss or those who are interested in this topic.

Conference Objectives

Participants will be able to:

- Understand best practices in the care of patients who have suffered a perinatal loss
- Learn about emerging therapies and biomarkers to detect and prevent adverse outcomes
- Develop an understanding on genetic components and placental abnormalities that contribute to loss
- Support patients who have experienced perinatal loss and provide resources for subsequent pregnancies or care after such events

Target Audience

The symposium is tailored for health care practitioners and advanced practice providers specializing in obstetrics, as well as maternal-fetal medicine specialists, social workers, doulas, lactation consultants, psychologists, and trainees such as maternal-fetal medicine fellows, OB/GYN residents, and medical students. Patients who have experienced perinatal loss are also warmly invited to participate and benefit from the discussions.

Accreditation

The Icahn School of Medicine at Mount Sinai is accredited by Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

Icahn Mount Sinai designates this internet live activity for a maximum of 8.00 AMA PRA Category 1 Credits™.

Physicians should only claim credit commensurate with the extent of their participation in the activity.

Verification of Attendance

Verification of attendance will be provided to all professionals.

Registration Fees

	In-Person Attendance	Virtual Attendance
Physicians	\$50	\$50
Advanced Health Professionals	\$25	\$25
Residents/Fellows/Students*	Complimentary	
Patients**	Complimentary	

*Complimentary registration for residents, fellows, and students must be completed online. Please email cme@mssm.edu with a copy of your hospital ID to receive a Complimentary Online Registration Code.

**Complimentary registration for patients can be made at www.eventbrite.com/e/mount-sinai-perinatal-loss-symposium-tickets-719856298567?utm-campaign

Faculty Disclosure

It is the policy of Icahn Mount Sinai to ensure objectivity, balance, independence, transparency, and scientific rigor in all CME-accredited educational activities. All faculty participating in the planning or implementation of an activity accredited by Icahn Mount Sinai are expected to disclose all of their financial relationships with ineligible companies existing within the prior 24 months. Relevant financial relationships will be mitigated and disclosed to learners before the activity takes place. Presenters must also make a meaningful disclosure to the audience of their discussion of unlabeled or unapproved drugs or devices. This information will be available as part of the course material.

Program

7:00 am Registration and Breakfast

8:00 am **Welcome**
Joanne Stone, MD, MS and Susan Khalil, MD

8:05 am **Patient perspective on stillbirth and perinatal loss**
Samantha Banerjee, Marny Smith, Fernanda Sheridan

8:35 am **Recurrent pregnancy loss: Role of immunotherapy**
Zev Williams, MD, PhD

9:05 am **Developing specialist care for pregnancy after loss**
Alexander Heazell, MBChB (Hons) PhD MRCOG

9:35 am **Q&A – Open Discussion**

9:50 am **Break**

10:05 am **Trauma-informed care in perinatal loss**
Jessica Kovler, PhD, AM, MA

10:35 am **Fetal death: A biomarker for the prediction and prevention of a great obstetrical syndrome**
Roberto Romero, MD, DMSc

11:05 am **What's new in antenatal surveillance**
Larry Platt, MD

11:35 am **Q&A – Open Discussion**

Noon **Lunch**

Disparities in stillbirth
Calvin Lambert, MD

1:00 pm **Maternal and fetal genetic impacts on maternal vascular malperfusion and stillbirth**
Terry Morgan, MD, PhD

1:30 pm **Stillbirth: We can do better**
Robert M. Silver, MD

2:00 pm **Q&A – Open Discussion**

2:15 pm **Break**

2:45 pm **Artificial intelligence in the prediction of stillbirth – racial disparities in preterm birth and stillbirth** | Angela Bianco, MD

3:15 pm **Supporting parents experiencing pregnancy and infant loss: Skill development, research updates, and caring for the bereaved** | Kathleen Massmann, MS, LPCC, CPLC

3:45 pm **Q&A – Open Discussion**
