7th ANNUAL

ADVANCES IN NEUROLOGY

**Diagnosis and Practical Management of
Patients with Nervous System Disorders**

Saturday, November 21, 2020

COURSE DIRECTOR

MARK W. GREEN, MD, FAAN

*Professor of Neurology, Anesthesiology, and Rehabilitation Medicine
Director, Headache and Facial Pain*

LIVE VIRTUAL CME EVENT

<https://mssm.cloud-cme.com/7AdvNeuro>

PROGRAM DESCRIPTION

The **7th Annual Advances in Neurology** is a full-day live virtual CME event that will provide clinicians with an update on diagnostic processes, cutting-edge technologies, and innovative management strategies in these 8 areas of neurology: headache, movement disorders and deep brain stimulation, epilepsy, neurological manifestations of COVID-19, stroke, multiple sclerosis, neuromuscular disease, and physician-patient communication. Through didactic lecture, case presentations, and interactive discussions with expert clinicians, attendees will be better enabled to diagnose and manage patients living with neurologic disorders in 2020 and beyond. *Patient simulators will interact with faculty to provide an enhanced learning experience for participants.*

EDUCATIONAL OBJECTIVES

After having participated in this CME activity, learners will be able to...

- **Discuss** existing, new, and potential options for migraine treatment and prevention including oral medications, devices, injectables, and interventional therapies.
- **Explain** the updated guidelines and criteria for diagnosing and categorizing multiple sclerosis and describe a comprehensive management plan.
- **Identify** a movement disorder patient who is a candidate for deep brain stimulation (DBS) surgery.
- **Discuss** the neurological manifestations of COVID-19.
- **Identify** appropriate treatment approaches for acute ischemic stroke and recognize cases that are appropriate for referral to comprehensive stroke centers offering acute endovascular interventions.
- **Explain** the value of electrodiagnostic testing (nerve conduction studies, electromyography, and neuromuscular ultrasound) in securing a neuromuscular disease diagnosis.
- **Describe** surgical options for the treatment of epilepsy and identify an ideal candidate.
- **Explain** how autonomic function testing improves recognition and diagnosis of chronic pain syndromes, and more broadly, neurological illnesses.
- **Outline** the elements of a communication plan for delivering bad news to a patient with neurological disease.

WHO SHOULD ATTEND?

This symposium is designed for adult and pediatric neurologists as well as other specialists in related fields (neurosurgery, psychiatry, rehabilitation medicine, internal medicine, geriatrics); residents and fellows; and other healthcare professionals involved in the care of patients with neurologic disorders (nurse practitioners, nurses, and physician assistants).

Accreditation

The Icahn School of Medicine at Mount Sinai is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The Icahn School of Medicine at Mount Sinai designates this live activity for a maximum of **6.75 AMA PRA Category 1 Credit(s)**[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Verification of Attendance

Verification of attendance will be provided to all professionals.

Special Needs

The Icahn School of Medicine at Mount Sinai is in full compliance with provisions of the Americans with Disabilities

Act (ADA) and is accessible for individuals with special needs. If you would like to attend this conference and require any special needs or accommodations please contact the Page and William Black Post-Graduate School of Medicine at 212-731-7950.

Faculty Disclosure

It is the policy of Icahn School of Medicine at Mount Sinai to ensure objectivity, balance, independence, transparency, and scientific rigor in all CME-sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are expected to disclose to the audience any relevant financial relationships and to assist in resolving any conflict of interest that may arise from the relationship. Presenters must also make a meaningful disclosure to the audience of their discussions of unlabeled or unapproved drugs or devices. This information will be available as part of the course materials.

VIRTUAL ROOM OPENS

WELCOME & INTRODUCTION

Mark W. Green, MD, FAAN

EPILEPSY SURGERY: INDICATIONS AND RECENT ADVANCES

Ji Yeoun Yoo, MD

UPDATES IN MULTIPLE SCLEROSIS: DIAGNOSIS AND TREATMENT

Sylvia Klineova, MD, MS

BREAK & VIRTUAL EXHIBITS

A PRACTICAL GUIDE TO DEEP BRAIN STIMULATION (DBS) IN MOVEMENT DISORDERS

Joohee Jimenez- Shahed, MD

NEUROLOGICAL MANIFESTATIONS OF COVID-19

Alison P. Navis, MD

COMMUNICATION SKILLS IN NEURO-PALLIATIVE CARE: BREAKING BAD NEWS

R. Caroline Crooms, MD

HEADACHE: AUTONOMIC FUNCTION TESTING: NOT JUST FOR POTS!

Bridget R. Mueller, MD, PhD

MORNING SESSION Q&A

LUNCH BREAK & VIRTUAL EXHIBITS

WHAT'S NEW IN MIGRAINE: WHAT YOU SHOULD AND SHOULDN'T DO

Mark W. Green, MD, FAAN

DEVICES AND BLOCKS: EXPANDING THE SCOPE OF CONVENTIONAL HEADACHE MANAGEMENT

Jihan A. Grant, MD

BREAK & VIRTUAL EXHIBITS

WHAT'S NEW IN THE TREATMENT OF ACUTE ISCHEMIC STROKE

Carolyn D. Brockington, MD

NEUROMUSCULAR DISEASE SHOWCASE: DIAGNOSIS & MANAGEMENT

Susan Shin, MD

AFTERNOON SESSION: Q&A

CLOSING REMARKS

Course Director: Mark W. Green, MD, FAAN

ADJOURN

Registration Fees

Physicians	\$125
Mount Sinai Neurology Alumni	\$ 65
Allied Health Professionals	\$ 50
Residents/Fellows	\$ 25
MSSH Residents/Fellows	Complimentary*

*Complimentary registration for MSSH Residents and Fellows.

Mount Sinai Health System (MSSH) Residents and Fellows must email cme@mssm.edu with a copy of their hospital ID to receive a Complimentary Online Registration Code. MSSH Residency and Fellowship will be verified.
