COURSE DESCRIPTION

This is a one day live course where expert faculty will review and demonstrate basic and advanced gastrointestinal endoscopic techniques through the use of didactic lectures, video case presentations, and live endoscopic procedures. This course will provide learners with an update on new developments in diagnostic and therapeutic endoscopy in the management of a variety of gastrointestinal diseases. Attendees will learn about new and innovative techniques that they can incorporate into their clinical practice in order to optimize patient care and improve clinical outcomes.

EDUCATIONAL OBJECTIVES

At the conclusion of this activity, participants will be able to:

- **Discuss** the endoscopic diagnosis and treatment of rectal polyps and adenomas
- **Determine** the best option for treating dysphagia and heartburn when balloon dilation and PPIs do not work
- **Examine** current and emerging endoscopic techniques to diagnose and treat pancreatic disorders
- **Review** updates and indications in fecal microbiota transplantation

TARGET AUDIENCE

Gastroenterologists, gastrointestinal endoscopists and surgeons, GI fellows, and GI nurses and associates.

ACCREDITATION

The Icahn School of Medicine at Mount Sinai is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION

The Icahn School of Medicine at Mount Sinai designates this live educational activity for a maximum of **7.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
