SCIENCE IN THE CITY

Program Goal

To provide a comprehensive update on the current management and future research directions in liver disease for Gastroenterologists, Hepatologists, Internists, and other Allied Health Professionals involved in the care of patients with liver disease.

Program Objectives

At the conclusion of this activity, participants should be able to:

- Describe advances in the field of liver diseases presented at major liver meetings in 2018
- Review advances in the treatment of HCV and HBV with real world data and upcoming drugs for 2019 and beyond
- Review new drugs in clinical trials for both NASH and for use as antifibrotics
- Determine when to refer patients with HCC referred for resection or transplantation

Target Audience

This course is specifically designed for Gastroenterologists, Hepatologists, and Internists, Family Practitioners, Nurse Practitioners, PAs, Nurses, House Staff, and Medical Students.

Accreditation Statement

The Icahn School of Medicine at Mount Sinai is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The Icahn School of Medicine at Mount Sinai designates this live activity for a maximum of 7.50 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Verification of Attendance

Will be provided to all professionals.

Meeting Location

Main Session:

Hatch Auditorium
1468 Madison Avenue at 100th Street, New York, NY 10029

Lunch Breakout Sessions:

Annenberg Building, 12th Floor
1468 Madison Avenue at 100th Street, New York, NY 10029

Parking & Directions

Discounted parking will be available on East 99th Street between Madison and Park Avenues. Please present your parking ticket at the registration desk for discount.

Professor of Pathology

Faculty Disclosure

It is the policy of Icahn School of Medicine at Mount Sinai to ensure objectivity, balance, independence, transparency, and scientific rigor in all CME-sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are expected to disclose to the audience any relevant financial relationships and to assist in resolving any conflict of interest that may arise from the relationship. Presenters must also make a meaningful disclosure to the audience of their discussions of unlabeled or unapproved drugs or devices. This information will be available as part of the course material.

SCIENCE IN THE CITY
