

TOP TEN TOPICS IN CLINICAL CARDIOLOGY 2022

Patient Focused Evidence-Based Approach

FRIDAY, OCTOBER 21, 2022

In-Person Registration Fees

> Physicians	\$100
> Physician Assistants, Nurse Practitioners, Allied Health Professionals	\$50
> Residents/Fellows	*Complimentary
> Mount Sinai Health System (MSHS) Employees	\$25

Cancellation Policy

All refund and cancellation requests must be emailed to the CME office at cme@mssm.edu by October 1st, 2022. Cancellations after this date are not eligible for a refund. An administrative fee of \$50 will be deducted from your refund. No refunds will be issued for registration fees that are equal or less than \$50.

Conference Information

For additional information, email cme@mssm.edu.

Faculty Disclosure

It is the policy of Icahn School of Medicine at Mount Sinai (ISMMS) to ensure objectivity, balance, independence, transparency, and scientific rigor in all CME-accredited educational activities. All faculty participating in the planning or implementation of an activity accredited by ISMMS are expected to disclose all of their financial relationships with ineligible companies existing within the prior 24 months. Relevant financial relationships will be mitigated and disclosed to learners before the activity takes place. Presenters must also make a meaningful disclosure to the audience of their discussions of unlabeled or unapproved drugs or devices. This information will be available as part of the course material.

COVID-19 Safety Policy

According to institutional policy and to ensure the safety of all meeting participants, please note the following requirements:

- There will be mandatory checking of compliance with full vaccination status. You must be fully vaccinated in order to attend the activity. Boosters are strongly recommended but not required.
- Masks must be worn at all times during the event except when eating/drinking.

TOP TEN TOPICS IN CLINICAL CARDIOLOGY 2022

Program Overview

Year after year, the number #1 killer worldwide in both men and women remains cardiovascular disease. Approximately one-third of total deaths globally are a result of the various forms of cardiovascular disease and a cardiovascular disease-related event causes a death every 34 seconds in the United States (about 697,000 people in 2020, which is 1 in every 5 deaths). Continuing education in the field of Cardiovascular Disease, in terms of diagnosis and treatment, continues to be extremely vital due to the evolution of technology, techniques and data.

The intention behind '**The Top Ten Topics in Clinical Cardiology**' course is to help healthcare professionals stay current on new and emerging approaches in the diagnosis, management and treatment of heart disease and help improve the overall care and prognosis of patients suffering from a variety of cardiovascular diseases.

Program Goal

As a live and in-person comprehensive medical education conference, this course will offer the latest updates for diagnostic and treatment strategies that assess the risk and treatment of coronary artery disease, congestive heart failure, heart rhythm disorders, mitral valve regurgitation, aortic stenosis, and co-morbid cardiometabolic diseases. The use of case-based reviews and taped case presentations will demonstrate innovative therapeutic techniques aimed at improving patient outcomes and quality of life, as well as lowering morbidity and mortality rates through the management of various conditions. A robust agenda combines individual and collective opinions from field expert clinicians and scholars.

Target Audience

General Cardiologists, Interventional Cardiologists, Internists, Family Practitioners, Cardiology Fellows, Nurses, Technicians and other allied health care professionals.

Accreditation

The Icahn School of Medicine at Mount Sinai is accredited by the Accreditation Council for Continuing Medical Education to provide Continuing Medical Education for physicians.

Credit Designation

The Icahn School of Medicine at Mount Sinai designates this live activity for a maximum of 6.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Verification of Attendance

Verification of attendance will be provided to all professionals.

Learning Objectives

Looking into the future of what cardiovascular medicine will become over the next few years, the overall goal of this program is to enhance competency by providing participants with the most up-to-date developments in the diagnosis, treatment and management of cardiovascular disease and to facilitate this transfer of knowledge into practice to improve patient outcomes.

Upon completion of this program, attendees should be able to:

- > Detect the role of noninvasive testing in the diagnosing of CAD and provide prognostic information.
- > Comprehend the newest innovative approaches in treatment of heart failure.
- > Recognize the recent transcatheter valve therapies with special focus on MitraClip and TAVR procedures.
- > Integrate the latest developments within interventional cardiology and their effects on improving interventional outcomes and overall patient care.

TOP TEN TOPICS IN CLINICAL CARDIOLOGY 2022

FRIDAY, OCTOBER 21st

- 7:00am **Registration and Breakfast**
- 7:45am **Welcome and Introduction**
- Moderator:** *Jagat Narula, MD, PhD*
- 8:00am **The Ongoing Pandemic: Constantly Evolving Challenges & Their Impact on Cardiology**
David Reich, MD
- 8:15am **KEYNOTE ADDRESS:**
Is It Poly-Pill Time? Data From Randomized Control Trials
Valentin Fuster, MD, PhD
- 8:45am **What'll be New in Lipid Management in 2023? Rethinking the Paradigms**
Robert Rosenson, MD
- 9:10am **Revascularization in Chronic Stable Disease? Going Beyond FFR**
Jagat Narula, MD, PhD
- 9:35am **3-D Visualization of Valves For Interventionalists? Before, During & After Intervention**
Roberto Lang, MD
- 10:00am **Clinical Relevance of Genetic Testing in Cardiovascular Diseases**
Jessica Wang, MD, PhD
- 10:25am **Panel Discussion**
Roberto Lang, MD, Robert Rosenson, MD and Jessica Wang, MD, PhD
- 10:45am **Brunch & Visit Exhibits**
- Moderator:** *Samin K. Sharma, MD*
- 11:30am **ACC VICE-PRESIDENTIAL ADDRESS:**
Facing the Inevitable: Addressing the International Crisis and Physician Burnout
B. Hadley Wilson, MD
- 12:00pm **Pacing from 1 or 2 Ventricles, From His or Bundle Below?**
Fred Kusumoto, MD
- 12:25pm **Time to Erase Boundary Between HFrEF & HFpEF? At Least Therapeutics Suggest So!**
Biykem Bozkurt, MD, PhD
- 12:50pm **Long-Term Antiplatelet /Antithrombotic Therapies in Stable CAD (Post PCI/MI)**
Roxana Mehran, MD
- 1:15pm **What's New in Structural Heart Intervention?**
Annapoorna S. Kini, MD
- 1:40pm **Panel Discussion**
Biykem Bozkurt, MD, PhD; Annapoorna S. Kini, MD; Fred Kusumoto, MD; Roxana Mehran, MD; B. Hadley Wilson, MD
- 2:00pm **Top 10 Trials of Coronary Intervention 2021-2022**
Samin K. Sharma, MD
- 2:35pm **Concluding Remarks**

TOP TEN TOPICS IN CLINICAL CARDIOLOGY 2022

Icahn
School of
Medicine at
Mount
Sinai

COURSE DIRECTORS

Samin K. Sharma, MD, FACC, MSCAI

Senior Vice-President, Operations & Quality, Mount Sinai Heart
Director, Clinical & Interventional Cardiology, Mount Sinai Health System
President, Mount Sinai Heart Network
Anandi Lal Sharma Professor Medicine, Cardiology

Jagat Narula, MD, PhD, MACC

Chief of Cardiology, Mount Sinai at Morningside
Director, Noninvasive Cardiology, Mount Sinai Health System
Philip J. and Harriet L. Goodhart Professor of Medicine, Cardiology

Annapoorna S. Kini, MD, MRCP, FACC

Director, Cardiac Catheterization Laboratory
Director, Interventional Cardiology Fellowship Program
Interventional Director, Structural Heart Program
Zena & Michael A. Wiener Professor of Medicine, Cardiology

MOUNT SINAI FACULTY

David L. Reich, MD

President and Chief Operating Officer
The Mount Sinai Hospital
Horace W. Goldsmith Professor, Anesthesiology

Valentin Fuster, MD, PhD, MACC

Physician-in-Chief, Mount Sinai Hospital
Director, Mount Sinai Heart
Professor of Medicine, Cardiology

Roxana Mehran, MD, FACC, FAHA, MSCAI

Director of Interventional Cardiovascular Research
Professor of Medicine, Cardiology
Professor of Population Health Science and Policy

Robert S. Rosenson, MD FACC, FESC, FNLA

Director, Metabolism and Lipids
Mount Sinai Health System
Professor of Medicine, Cardiology

GUEST FACULTY

Biykem Bozkurt, MD, PhD, FHFSA, FACC

The Mary and Gordon Cain Chair and
Professor of Medicine
Director, Winters Center for Heart Failure Research
Editor in Chief, *JACC: Heart Failure*
Houston, TX

Fred Kusumoto, MD

Immediate Past President, Heart Rhythm Society
Professor and Associate Dean of Faculty Affairs
Mayo Clinic Alice School of Medicine
Jacksonville, FL

Roberto M. Lang, MD

Director, Noninvasive Cardiac Imaging Laboratory
A.J. Carlson Professor Medicine
Professor of Radiology
The University of Chicago Medicine Center,
Chicago, IL

B. Hadley Wilson, MD, FACC

Executive Vice Chair
Sanger Heart & Vascular Institute/Atrium Health
Clinical Professor of Medicine
Vice President American College of Cardiology
Charlotte, NC

Jessica J. Wang, MD, PhD

Division of Cardiology
Assistant Professor of Medicine
David Geffen School of Medicine at UCLA
Los Angeles, CA
